Fiske - Your Corrugated Packaging Partner...

S H Fiske can fulfil your short or long run transit and postal packaging requirements in a fast, friendly and efficient manner, with deliveries in and around the Bristol area daily.

Custom engineered corrugated cardboard inserts – replace hard-to-recycle polystyrene and foam inserts and do your bit for the environment.

Flexo-printed corrugated transit cartons and wraps – product protection, visual impact and strong branding along the distribution chain.

We also manufacture corrugated wraps (Book / DVD / CD etc...) with the option of a tear strip and double sided tape closure.

Designing-out environmentally unfriendly materials.

As well as using 'green' materials, S H Fiske consciously designs-out hard-to-recycle polystyrene, foam, foil or vacuum-formed inserts wherever possible and uses environmentally friendly alternatives such as corrugated cardboard instead. Corrugated cardboard is strong, gives excellent impact protection and is 100% recyclable. It's a good insulator too, and can carry the high-quality printing that gives your product point of purchase impact.

CONTACT US

It's easy to make your enquiry about transit or postal packaging - or just ask for advice about your packaging needs. Whatever you require please contact us now.

Founded in 1948 SH Fiske is a family owned and managed bespoke boxmaker and point of sale manufacturer in Bristol. We have an award winning studio with full CAD facilities and produce everything in house.

So if it's simple transit packaging or postal packaging you want please call us and we'd be pleased to advise.

Add to this Knowledge Brokering, yes, we'd be pleased to make suggestions, samples and even alternatives. Just call us and you'll hear a friendly voice.
